

EDUCATIONUSA PHILIPPINES: A RESOURCE FOR PHILIPPINE FOREIGN GOVERNMENT INSTITUTIONS AND HIGHER EDUCATION INSTITUTIONS

Higher education has always been a cornerstone in the relationship of the Philippines and the United States.

In today's knowledge-based economy, access to international education and strong institutional linkages are critically important to national development and the rebuilding of sectors that have been adversely affected by the pandemic.

In July 2019, following a successful joint mission trip of CHED and EducationUSA, former U.S. Ambassador to the Philippines Sung Kim and Philippine Commission on Higher Education (CHED) Chairman Prospero De Vera signed a joint statement on Philippine-U.S. Higher Education Cooperation at the 8th Bilateral Strategic Dialogue making higher education a bilateral priority between the two governments. Since then, collaborations between CHED and EducationUSA skyrocketed.

MORE THAN 100 PHEIS AND 64 U.S. HEIS REACHED

AWARDED GLOBAL RECOGNITION IN EDUCATIONUSA NETWORK FOR EXCEPTIONAL SERVICE TO U.S. HEIS

JOINT NATIONWIDE FLEXIBLE LEARNING TRAINING WITH CHED REACHED MORE THAN 2,500 FACULTY AND UNIVERSITY OFFICIALS/ADMINISTRATORS

DID YOU KNOW?

Philippine higher education system is patterned after the U.S. higher education system.

The Philippines has the oldest running Fulbright program in the world.

We can connect you! EdUSA Philippines keeps an updated list of PHEIs looking for accredited U.S. HEI partners in areas of priority and vice versa.

Philippines, other than being a goldmine for partnerships, is a good student recruitment site close to other SEA countries with prospective partners and students.

Pathways to Opportunity

a series of speaker engagements on internationalization initiatives and best practices between Philippine and U.S. institutions. U.S. experts and universities join as resource speakers in sessions and interactions that can lead to academic partnerships, government collaborations, and other timely projects.

Brighter Futures: PH-US College Conversations

A series of networking calls where Philippine and U.S. HEI representatives can take the time to brainstorm ideas, get to know each other's institutions, and explore collaborations in niche areas of bilateral priority (e.g. sustainable food systems, marine science, etc.)

Mission Trips

EducationUSA and CHED go on joint mission trips to expand connections, visit U.S. campuses, and interact with U.S. counterparts.
